

PASMA: 1 Day Mobile Access Tower - CATCH

Did you know before you assemble, move or dismantle mobile scaffold towers that proper training should be provided?

The Work at Heights Regulation 2005 requires that the installation or erection of Mobile Access Towers should only be carried out by, or under the supervision of a competent Person. Such person is someone considered to have training, technical knowledge or experience as may be appreciate having regard to the nature of the activity

Book now for your places at CATCH
